The Labor Department on Thursday said the consumer-price index—which measures what consumers pay for goods and services—in January reached its highest level since February 1982, when compared with the same month a year ago. That put inflation above December's 7% annual rate and well above the 1.8% annual rate for inflation in 2019 ahead of the pandemic." Full-service restaurants saw no inflation in April, but fast-food establishments jacked up prices significantly. ... With their savings buttressed by stimulus checks – and, for the previously laid off, their sustenance assured by \$300-a-week federal unemployment benefits – many American workers have become newly empowered to turn down lousy job offers. This, combined with resurgent demand, has produced a shortage of labor in some sectors, forcing firms to raise wages to attract new hires.” (Eric Levitz, “THE ECONOMY JUNE 8, 2021 The Case for (and Against) Worrying About Inflation,” [NY Mag](#), 6/8/21)

- **According to the Heritage Foundation, Biden’s infrastructure bill contributed to the worst inflation surge in decades.** “The harmful effects of excessive government spending have become the most pressing issue for Americans due to the worst inflation surge in decades. Washington’s reckless choice to pump trillions of dollars into the economy is the reason we face more inflation than other top economies around the world. Yet, incredibly, Congress is still planning an onslaught of additional inflationary spending bills with seemingly no end in sight... Compared to projections from February 2021, when Biden had just taken office, the latest analysis shows a combined \$2.77 trillion in additional deficits over the 2021-2031 period. The largest factor for this increase was the wasteful and opportunistic \$1.9 trillion COVID-19 package that passed with exclusively Democratic

support in March 2021. The shoddy \$1.2 trillion infrastructure bill that Biden championed added even more red ink.” (David Ditch, “New Charts Reveal Harms of Biden’s Budget-Busting Binge,” [The Heritage Foundation](#), 6/8/22)
