## **Mrvan Voted For Biden's Spending Package**

**On August 12, 2022, Mrvan Voted For H.R. 5376, The Inflation Reduction Act.** (H.R. 5376, [Roll Call #420](#), Passed 220-207, R: 0-207, D: 220-0, Mrvan Voted YEA, 8/12/22)

**Joe Biden Admitted The Legislation Had Little To Do With Reducing Then-Record Inflation.** “President Biden admitted Thursday that Democrats' signature Inflation Reduction Act wasn't as much about actually reducing the then-record-high inflation facing the nation as he originally touted to the American people.” (Brandon Gillespie, “Biden Admits Inflation Reduction Act Had 'Less To Do With Reducing Inflation' Than He Originally Said,” [Fox News](#), 8/10/23)

- “I wish I hadn't called it that. It has less to do with reducing inflation than it does providing for alternatives that generate economic growth,” Biden said during an appearance at a campaign fundraiser in Park City, Utah according to the press pool report.” (Brandon Gillespie, “Biden Admits Inflation Reduction Act Had 'Less To Do With Reducing Inflation' Than He Originally Said,” [Fox News](#), 8/10/23)

**On August 16, 2022, President Biden Signed The Inflation Reduction Act Into Law.** “One year ago, on August 16, 2022, President Biden signed the Inflation Reduction Act into law – the largest investment in clean energy and climate action ever. The Inflation Reduction Act is a transformative law that is helping the United States meet its climate goals and strengthen energy security, investing in America to create good-paying jobs, reducing energy and health care costs for families, and making the tax code fairer.” (The White House, “FACT SHEET: One Year In, President Biden's Inflation Reduction Act Is Driving Historic Climate Action And Investing In America To Create Good Paying Jobs And Reduce Costs,” [Press Release](#), 8/16/23)

**A Year Following The Signing Of The Inflation Reduction Act, US Imports Of Chinese-Made Batteries Jumped To Record Highs.** "In July 2022, weeks before President Joe Biden signed the Inflation Reduction Act into law, the Democrat said the bill would 'give us the ability ... to compete with China' and its dominant battery industry. One year later, U.S. imports of Chinese-made batteries jumped to record highs, according to a Washington Free Beacon review of Census Bureau data." (Andrew Kerr, "Biden's Inflation Reduction Act, Meant To Counter China, Prompted Explosion In Chinese Battery Imports," [The Washington Free Beacon](#), 2/19/24)

**The Climate Bill Created Subsidies To Facilitate The Transition To Green Energy, Which China Has A Stranglehold On The Global Supply Of Minerals Needed To Transition.** "Biden's flagship climate bill created several subsidies to facilitate America's transition to a green energy economy, including tax credits of \$7,500 for electric vehicles, \$1,000 for electric vehicle chargers, and 30 percent of the cost of installing solar panels. But China has a stranglehold on the global supply of rare earth materials needed to produce those technologies, and trade data show that imports of Chinese electric vehicle components have exploded since Biden signed the Inflation Reduction Act into law." (Andrew Kerr, "Biden's Inflation Reduction Act, Meant To Counter China, Prompted Explosion In Chinese Battery Imports," [The Washington Free Beacon](#), 2/19/24)

**In 2022, The Energy Department Acknowledged That China Had "Across The Board" Control Of The Global Supply Of Rare Earth Materials Needed For Clean Energy Technologies.** "Indeed, a 2022 Energy Department report acknowledged that China has 'across the board' control of the global supply of rare earth materials needed for clean energy technologies. And the Biden administration has moved in recent months to neuter 'Buy American' provisions in the Inflation Reduction Act and the earlier \$1 trillion infrastructure law, to China's benefit." (Andrew Kerr, "Biden's Inflation Reduction Act, Meant To Counter China, Prompted Explosion In Chinese Battery Imports," [The Washington Free Beacon](#), 2/19/24)

**China Could Reportedly Receive More Than \$100 Billion From Taxpayer Funds Due To Biden's Plan To Boost American Renewable Energy.** "Beijing could plunder more than \$100billion from US taxpayer funding thanks to a 'naïve' plan by Joe Biden to boost the American renewable industry, DailyMail.com can reveal." (Miles Dilworth, "Joe Biden's Green Energy Plan Is A Gift To China, Experts Warn, Amid Fears Beijing Could Plunder More Than \$100Billion From US Taxpayer Under Scheme Designed To BOOST American Manufacturing," [Daily Mail](#), 2/18/24)

**China Could Reportedly Benefit From Uncapped Tax Credits In A Sector They Dominate.** "Exclusive industry data shows China has already planted its flag on a dozen green energy projects that could benefit from uncapped tax credits. The scheme, which could cost the US taxpayer \$1.2trillion overall, was designed to improve American competitiveness in sectors that China currently dominates, including solar and electric vehicles." (Miles Dilworth, "Joe Biden's Green Energy Plan Is A Gift To China, Experts Warn, Amid Fears Beijing Could Plunder More Than \$100Billion From US Taxpayer Under Scheme Designed To BOOST American Manufacturing," [Daily Mail](#), 2/18/24)
