Frank Mrvan voted to raise your taxes but didn't pay his own. The state of Indiana filed a warrant against Mrvan for unpaid state income tax, and for four years he even failed to disclose some of his investments to the House Ethics Committee.

Frank Mrvan Repeatedly Voted To Raise Taxes But Failed To Pay His Own

On July 3, 2025, Frank Mrvan Voted Against H.R. 1. (H.R. 1, Roll Call #190, Passed 218-214; R: 218-2; D: 0-212, 7/3/25, Mrvan Voted Nay)

Failure To Pass H.R. 1 Would Have Led To The Largest Tax Hike In American History. "The largest tax increase in American history? That's what Rep. Michael Lawler claims would happen if Congress does not pass a budget reconciliation bill by the end of the year. Lawler claimed Americans would face the largest tax increase in history if the Tax Cuts and Jobs Act expires. In pure dollar terms, he's right." (Jill Terreri Ramos, "Putting claim about 'largest tax increase' in context," *PolitiFact*, 4/22/25)

On November 19, 2021, Frank Mrvan Voted For The Inflation Reduction Act. (H.R. 5376, Roll Call Vote #385, Passed 220-213; R: 0-212; D: 220-1, 11/19/21, Mrvan Voted Yea)

The Inflation Reduction Act forced "working-class Americans to pay billions of dollars in new taxes…" "The Inflation Reduction Act sent to President Biden's desk will end up forcing working-class Americans to pay billions of dollars in new taxes, according to the nonpartisan Congressional Budget Office. An analysis by the CBO estimates those earning less than $400,000 — the group on which Biden promised not to raise taxes — will pay an estimated $20 billion more in taxes over the next decade as a result of the Democrat-pushed $740 billion package, which also sets aside $80 billion to hire 87,000 IRS agents." (Lydia Moynihan, "Inflation Reduction Act will cost middle class $20B in new taxes: CBO," *New York Post*, 8/15/22)

The House Committee On Ethics Requires Financial Disclosure Filers To Disclose The Underlying Holdings Of Brokerage Accounts, Including 401(K), 403(B), IRA, And 529 Accounts. "Brokerage-managed, 401(k), 403(b), IRA, 529 accounts, and variable annuities are investment vehicles or accounts. As a result, filers must disclose all underlying holdings (e.g., stocks, - 16 - bonds, or mutual funds) and transactions in these accounts that meet the value and/or unearned income thresholds. It is not sufficient to disclose the aggregate value of the portfolio or account. Note that if an underlying holding itself meets the definition of an Excepted Investment Fund (EIF), defined on page 17 in these Instructions, then while the underlying fund would still need to be reported, the further contents of that underlying fund would NOT need to be reported. For example, if a filer has a Vanguard account within which is held the Vanguard S&P 500 Fund, the Vanguard REIT Fund, and the Vanguard Emerging Markets Fund, the filer must report each of these three funds on their FD Statement, the value of their interest in each of the funds, and the type of income and amount of income received from each of the funds."
