- **According to the American Diabetes Association, insulin is lifesaving.**

Lifesaving Insulin Must Be Within Reach

For millions of people with diabetes, including all individuals living with type 1 diabetes, access to insulin is a literal matter of life and death. There is no day off and no medication that can be substituted for insulin. No individual in need of this life-saving medication should ever go without it due to prohibitive cost.

(Insulin Fact Sheet, [American Diabetes Association](#), Accessed 07/22/22)

According to a report by Reuters from January of 2021, Bristol Myers Squibb “hiked prices” on two cancer drugs called Revlimid and Opdivo:
