“providing stronger protections for patients in Pennsylvania and increased regulatory oversight of pharmacy benefit managers (PBMs). PBMs are the hidden “middlemen” of the pharmaceutical supply chain. They negotiate the price of prescription drugs between health insurance companies and drug manufacturers, set compensation formulas for pharmacy payments, and determine patient co-payments. Despite their influence and outsized role in our healthcare system, many Pennsylvanians are unaware of the existence of PBMs.”

> **Expanding IVF:**

Ryan Mackenzie wrote the bipartisan law to protect the jobs of Pennsylvania construction workers from being taken by illegal immigrants. In Congress he will continue to fight illegal immigration to protect American jobs, supports building the border wall to stop the flow of illegal drugs and secure our nation, and will push for stronger penalties for illegal immigrants who commit crimes.

> **E-Verify / protect construction jobs: [Act 75 of 2019](#)** - known as the Construction Industry Employee Verification Act, it requires employers in the construction industry to use the federal E-Verify system to ensure that their employees don't include individuals not authorized to work in the United States.
