

Zach Dembo Supports Amnesty For Those Who Broke Laws To Enter Our Country And Even Opposes Deportations Of Criminal Illegal Immigrants.

Dembo Supports A Pathway To Citizenship And Said He Opposes Mass

Deportation. “My ideal policy has four key pillars: ... create a realistic path to citizenship for law abiding residents who are paying taxes and raising families for decades. The goal isn't open borders or mass deportation. It's a system that's orderly, humane, and actually works.” ([KY 6th District Dem candidate Zach Dembo on immigration, healthcare & more](#), May 13, 2026, Lexington Herald-Ledger, Austin Horn, Accessed July 8, 2026)

Dembo Called For A Pathway To Citizenship For Illegal Aliens. “Dembo said the immigration system is broken, and is something Congress needs to fix. ‘For folks who are law-abiding, who have been the cornerstones of the horse industry, of the bourbon industry, of the ag industry, the tobacco industry — which my family used to be a part of before the buyout — they deserve a pathway to citizenship,’ Dembo said. ‘They are already fulfilling the American dream we’ve been asking of them.’” (Piper Hansen, “House candidates make their pitch for how they’d support Central KY business community,” [Lexington Herald-Leader](#), 7/8/26)

Dembo Said He Would Prosecute The Case Against ICE. “The first ad is silly. It features a smiling Dembo introducing himself to voters at their doorstep, on the street and with a bullhorn. It ends with him giving a sticker to a little girl. The second is serious. It focuses on Dembo's resignation and features him in a suit, walking the halls of a courthouse. He pledges to ‘go after Trump's corruption, work to lower costs and prosecute the case against ICE.’” (Austin Horn, “KY Politics Insider: Gallrein's Trump ad, Massie in NYT & Dembo, Alvarado on TV,” [Lexington Herald-Leader](#), 3/26/26)
