

Pia Dandiya Opposed Making The 2017 Tax Cuts Permanent. If Those Tax Cuts Had Been Allowed To Expire, The Average Florida Household Would Be Paying More Than Thirty-Six Hundred Dollars A Year In Higher Federal Taxes

In July 2025, Dandiya Criticized Her Then Opponent, Congressman Brian Mast, For His Support Of The One Big Beautiful Bill. “It’s deeply troubling that my opponent, Congressman Brian Mast, supported the reckless ‘Big Beautiful Bill,’ which passed today. Floridians deserve leaders who will protect their health, put families first, and strengthen our communities — not support dangerous policies that cause lasting harm. In July 2026, Dandiya Posted That She “Won’t Accept” The One Big Beautiful Bill. “The Big Beautiful Bill changes the tax structure of our country in an unprecedented way. It guts key middle-class deductions—like for mortgage interest and state/local taxes. It shrinks child tax credits. It hikes payroll taxes while the ultra-wealthy cash in. Middle-class families will pay more while billionaires pay less. I have spent my career as a teacher and principal working with families just getting by. I’ve seen what it looks like when the ends don’t meet. And it is gut wrenching. Families can’t afford this. We won’t accept it. Our fight back for a fairer future starts now. In July 2025, Dandiya Called The One Big Beautiful Bill, “Anything But Beautiful.”

“Today’s so-called “Big Beautiful Bill” is anything but beautiful. It puts some of our most basic values at risk - stripping healthcare and food assistance from millions of Floridians while adding over \$4 trillion to our national debt. Let’s not forget: Brian Mast’s own website says he “strongly supports a balanced budget amendment to the United States Constitution,” and he’s publicly said, “I support and have voted in favor of a balanced budget amendment ... and I’ll keep fighting to get it across the finish line!” Yet here he is, supporting legislation that blows a massive hole in the federal budget. Floridians deserve leaders who don’t say one thing and do another. You can learn more about my campaign and my vision at <http://piaforcongress.com> - to a stronger future! #PiaForCongress #FL21

Dandiya Opposes One Big Beautiful Bill Act, Which Makes The 2017 Tax Cuts That Provided A Tax Cut To A Large Majority Of Americans

One Big Beautiful Bill Act Makes The 2017 Tax Cuts Permanent. "Republicans look to make permanent the individual income and estate tax cuts passed in Trump's first term, in 2017, plus enact promises he made on the 2024 campaign trail to not tax tips, overtime and interest on some auto loans." (Kevin Freking and Lisa Mascaro, "House Republicans Narrowly Passed Trump's 'Big, Beautiful' Bill. Here's What's In It," [PBS](#), 5/22/25)

The Tax Cuts And Jobs Act Lowered The Average Tax Rates For All Income Groups. (“Tax Cuts And Jobs Act (TCJA),” [Tax Foundation](#), Accessed: 2/26/24)

(“Tax Cuts And Jobs Act (TCJA),” [Tax Foundation](#), Accessed: 2/26/24)

According To The Tax Foundation, The Expiration Of The Tax Cuts And Jobs Act Tax Provisions Would On Average Raise Taxes In Florida By \$3,651. (Garrett Watson and Erica York, “Expiring TCJA Tax Provisions In 2026 Would Produce Substantial Tax Hike Across The US,” [Tax Foundation](#), 5/7/24)

In April 2019, The New York Times Reported That The 2017 Tax Bill Cut Taxes For A Large Majority Of Americans. “If you’re an American taxpayer, you probably got a tax cut last year. And there’s a good chance you don’t believe it. Ever since President Trump signed the Republican-sponsored tax bill in December 2017, independent analyses have consistently found that a large majority of Americans would owe less because of the law. Preliminary data based on tax filings has shown the same.” (Ben Casselman and Jim Tankersley, “Face It: You (Probably) Got A Tax Cut,” [The New York Times](#), 4/14/19)

The House Bill Provided \$4.5 Trillion To Extend The 2017 Tax Cuts And Jobs Act Provisions, Which Are Set To Expire At The End Of 2025. “As written, the House bill also provided \$4.5 trillion to extend President Donald Trump’s 2017 Tax Cuts and Jobs Act provisions, which expire at the end of this year.” (Elizabeth Elkind, “Trump Budget Bill Extending First-Term Tax Cuts Survives House Vote,” [Fox News](#), 2/25/25)

The Bill Would Prevent Tax Increases On 62% Of Taxpayers. “Overall, the bill would prevent tax increases on 62 percent of taxpayers that would occur if the TCJA expired as scheduled. However, by introducing narrowly targeted new provisions and sunseting the most pro-growth provisions, like bonus depreciation and research and development (R&D) expensing, it leaves economic growth on the table and complicates the structure of the tax code.” (Garrett Watson, Erica York, Alex Muresianu, Alex Durante, Huaqun Li, Peter Van Ness, Aleksei Shilov, and William McBride, “One Big Beautiful Bill Act” House GOP Tax Plan: Details And Analysis,” [Tax Foundation](#), 6/6/25)
